CAREER SUMMARY

I am motivated b.tech student specializing in front-end development with hands-on experience in creating interactive and user-friendly web applications. Successfully built projects like a Blackjack game, BMI calculator, Zomato clone, to-do app and more, showcasing strong skills in HTML, CSS, JavaScript and Reactjs. Proficient in multiple programming languages, including C++, Python, and C. Passionate about building innovative solutions and eager to contribute to impactful projects.

EDUCATION

Vignan's Institute of Information Technology
Bachelor of Technology in Computer Science (9.26)   2027
Sri Gayathri Jr. College
Higher Secondary Education (94%)   2023
Jims English medium school
Secondary Education (92%)   2021

TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- ReactJS
- Python
- C++

PROJECTS

Zomato UI Clone:
Zomato UI Clone created to demonstrate skills in web application development.
- Developed a Zomato clone using HTML, CSS, replicating the home page.
- Showcased design skills and attention to detail.

Blackjack game:
Interactive Blackjack game designed for a fun player experience.
- Developed a dynamic Blackjack game using HTML, CSS, and JavaScript
- Implemented game logic, user interactivity, and real-time score tracking.

BMI Calculator:
Responsive application that calculates Body Mass Index (BMI).
- Designed and implemented a responsive BMI calculator using HTML, CSS, and JavaScript.
- Allowed users to input height and weight for BMI calculation with a clear visual interface.

CERTIFICATIONS

- Web Development   - Certification in Web Development by Algozenith
- DSA in C++ - Certificate in Data Structures and Algorithms using C++ by Algozenith
- Python Programming   - Certificate in Python Programming by Infosys
- JavaScript - Certification in JavaScript from CISCO

ACHIEVEMENTS

- Replicated the CodeChef homepage
- Solved 500 rated questions and got certified on codechef
- Competed in a college-level hackathon, collaborating with a team.
- Designed and built a personalized birthday website

HOBBIES AND INTERESTS

- Reading Books
- Coding & Web Development
- Listening to Music
